Leadership Development

2026-2027

IN-SCHOOL PROGRAMS

OUR 2026-2027 PROGRAMS:

JPB Leadership Development runs in-school programs for students across sectors, building the skills they'll use in real life: communication, conflict resolution, leadership, and self-awareness. Students practice dialogue, develop social awareness, and move toward community action on issues that matter, including climate change. **All programs run in English**, with deliberate attention to spoken production alongside other language proficiency skills.

Program offerings for the (2026–2027) school year:

Find the **syllabus** [here](#).

- Content-related tasks between each meeting.
- Sessions run entirely in **English** by a professional facilitator with teacher participation.

Price: 6000 ₱

HUMAN RIGHTS AND THE CLIMATE PROGRAM OUTLINE

This course explores human rights and their connection to climate change, focusing on their importance and how environmental changes affect people, communities, and fundamental rights.

Educational Themes:

Introduction to human rights

Explore the Universal Declaration of Human Rights (UDHR) and discover the key rights and freedoms it sets out for everyone around the world.

Discover how human rights are connected to everyday life—from education and healthcare to equality, freedom, safety, and respect in our communities.

Human rights and the environment – the impact of climate change on human rights

Explore the connection between environmental change and human rights, including how issues such as climate change, pollution, and access to resources can affect people and communities.

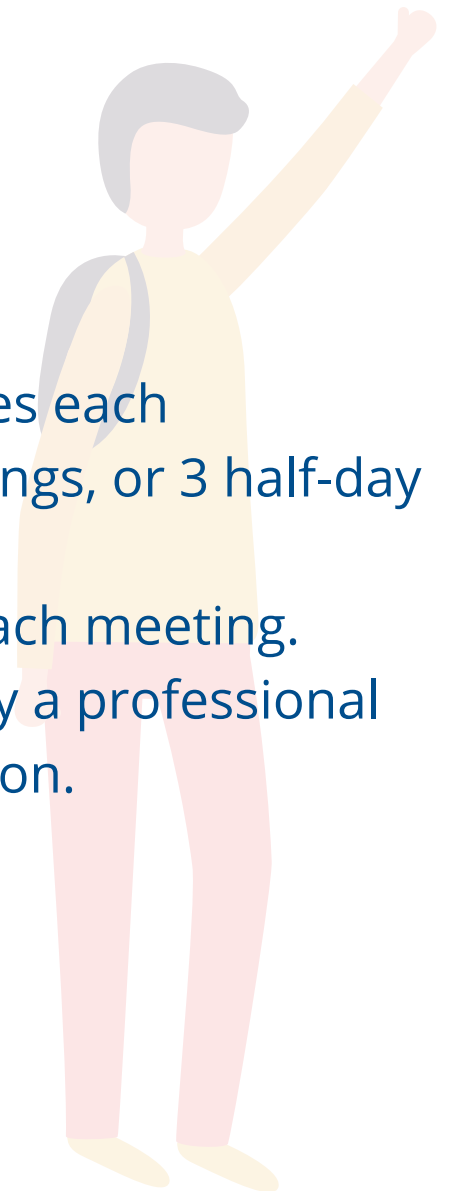

Structure & Pricing

What's Included:

- 4 educational sessions, 90 minutes each
- Can be done over 6 weekly meetings, or 3 half-day seminars.
- Content-related tasks between each meeting.
- Sessions run entirely in **English** by a professional facilitator with teacher participation.

Price: 4000 ₪
